

MY LIFE

Glam interiors are Greg Natale's signature, and bathrooms offer plenty of scope for play.

MY LIFE is fairly hectic. In my interior design business it's go, go, go from morning to evening but I enjoy it so I don't have a big division between the office and home. To chill out I watch TV and surf the net.

MY STYLE is definitely in the realm of masculine glamour. I like expressive, personalised interiors that really capture a person's taste. Decoration is important to me too. I love to glam things up.

MY BATHROOM My bathroom is functional yet quite beautiful. I've gone for a warm grey mosaic and tapware with simple lines.

THREE LOOKS TO LOVE...

Above: You can't go past a black tap for a look that's edgy yet warm. It makes a stylish alternative to chrome.

Left: This basin design, which mixes curves and straight lines, is fresh and new. Square and rectangular basin shapes have dominated for too long! I love the organic wall-mounted toilet too.

Below: Square shower heads are a great way to add a dramatic element to your bathroom. The rain-like effect of this shower head is an added bonus.
